

**ALBA synchrotron, new instrumentation for Nanoscience
and Molecular Materials Characterization
Program**

Thursday, November 14th				
15:00	-	15:10	Welcome	Dr. Miguel Ángel García Aranda Director of Experiments Division
15:10	-	16:00	Overview of the current beamlines	Dr. Salvador Ferrer Scientific advisor to the Director
16:00	-	16:30	CLAESS beamline	Dra. Laura Simonelli Beamline Scientist
16:30	-	17:10	CIRCE beamline: NAPP	Dra. Virginia Pérez-Dieste Beamline Scientist Dr. Carlos Escudero Postdoc Researcher
17:10	-	17:30	<i>Coffee break</i>	
17:30	-	18:00	MSPD beamline	Dra. Inma Peral Beamline Scientist
18:00	-	18:40	CIRCE beamline: PEEM	Dra. Lucía Aballe Beamline Scientist Dr. Michael Foerster Beamline Scientist
18:30	-	19:10	ALBA strategic plan: new beamlines and potential developments	Dr. Miguel Ángel García Aranda Director of Experiments Division

**ALBA synchrotron, new instrumentation for Nanoscience
and Molecular Materials Characterization**
Program

Friday, November 15th

9:00	-	11:00	Visit to the Experimental Hall
11:00	-	13:00	<i>Coffee break</i> and Poster Exhibition with discussion with BL staff

SOCIAL PROGRAM

Thursday, November 14th

19:30	-	21:00	Special event	Wine & Cheese tasting
